

Aftermath...

Laslo, Congratulations on a very successful luncheon meeting. The arrangements, speeches, and publicity for TxIS was perfect. No doubt this will have folks talking about TxIS offerings and has demonstrated how well you are connected within the industry. Lori thank you and the team for a job well done!

Halliburton

Laslo... congratulations on an elegant, tasty and intellectually fulfilling event at the new Petroleum Club. Bravo!

On your April swing through Houston, you are invited to the Houston Technology Center. I look forward to giving you a tour of the Houston Technology Center, updating you on our status and progress, learning more about your plans for 2015, and identifying mutual opportunities.

With appreciation for your vision and with warmest best wishes... Walter.

Walter Ulrich
President & CEO
Houston Science Center

Howdy Laslo.

I hope that you are well this afternoon. I just wanted to drop you a line right quick and thank you for allowing me to attend your luncheon today at the Petroleum Club. I really enjoyed all of the talks. It was a great experience. Have a nice day!

Sincerely;
Jake L. Wittnebert P.E., A.I.

Anadarko

Laslo,

It was obviously a smashing success. I had someone call here this morning trying to score extra tickets! Congratulations. We are so pleased for you.

May I ask how you were able to get Ambassador Bolton to speak? We looked him up (as we are always anxious to find extraordinary speakers for NOIA events) but see that he is light years out of our budgetary means.

Again, so glad to hear that the event went so very well.

All best,
FrankiStuntz
NOIA

The TxIS luncheon was wonderful. The insights and networking were excellent. Many thanks.

Aftermath...

Las,

Am back in South Carolina, as of 2 a.m. this morning....before I get re-entangled and buried in my usual business schedule, I just wanted to take a minute to say, again, that you, Lori and your staff orchestrated what I consider to be an extraordinarily successful event in Houston on Tuesday. Both the dinner the prior evening and the luncheon, I thought, were exceptional. Everyone I spoke with were extremely complimentary. No doubt in my mind that those who missed it, when they get the word, will regret their absence...and those who were there will undoubtedly look forward to next year. The agenda was both informative and very, very timely and relative.

Again, wanted to send my sincere compliments. Thank you for having me, Las. Also, appreciate your thoughtfulness in including me at the dinner on Monday. It was, most especially, a pleasure to meet Magdi. Hope to see you both again soon.

Bob

ALARIO & ASSOCIATES, L.L.C.

Laslo,

Thanks for inviting me to your energy industry luncheon on March 3, 2015. The speakers were well prepared and quite informative. The arrangements were very professionally done. I look forward to meeting additional industry leaders at your next luncheon.

Regards,

Edward J. Dawson
